WEATHER PROBABILITIES. - War Depart ment Office of the Chief Signal Officer, Washington, D. C., August 7, 1876-10:30 a. m.-In the Eastern and Middle States falling, followed by rising barometer, southerly to westtions and the Virginias.

Union Presby Cerian Church -After being closed for five weeks, the Union Presbyterian Church was opened yesterday morning, for the first time, for public worship, and the body of the church was packed to its utmost espacity to welcome the return of the pastor, It v. Dr. J. J. Builock, who has been absent non the city for some time, on a visit to Kentucky, and who occupied the pulpit. To those who had seen the Church five weeks ago, and saw it again yesterday morning for the first time during these five weeks, it presented a truly grand appearance, as it had been handsomely frescoed, tastefully painted, and newly carpeted. The large organ has been improved and placed in the rear of the pulpit, and the whole is universally admired, and reflects steat credit upon those having the improvements in charge. After singing "Praise God from whom all blessings flow," by the congre gation, and an earnest and fervent prayer by the pastor, Dr. Bullock selected as his text the 31 verse of the 15th chapter of Revelation, "And they sing the song of Muses, the servant of God, and the Lumb, saying, Great and marvellous are thy works L rd God Al mighty; just and true are Thy ways, Thou King of saints," and preached an able and exquent sermon, "God's Providences" being the subject of the discourse, and received the strictest attention from the large congregation. At night Dr. Bullock continued his discourse from the same verse, the subject being the song of them that have gained the victory, the "Song of Moses and the Lamb," at which time the church was again crowded.

ATTEMPTED ROBBERY,-An attempt was made last night to roo the office of the American Coal Company, at the foot of Oronoko street. About 11 o'cleek a man dressed like a sailor approached Mr. Geo. Boyer, the watchman there, and engaged him in conversation, representing that he was the steward of a ves sel lying in the stream and was waiting for a shipmate, who was going off to the vessel with him. In a few moments Mr. Boyer made his rounds, and on returning saw a man on the bridge connecting the offices of Capt. Booth and Mr. Parrott, and the man who had previ ously spoken to him was sitting on the steps I ading to the latter office. Upon Mr. Boyer's a proach they ran off. He immediately gave illermation to the police, who proceeded to trace the robbers. An examination of the premises showed that Captain Boothe's offichad been opened with a false key, and an at tempt made to open Mr. Parrott's office, which failed on account of there being a bolt inside Nothing had been taken from Capt. Boothe's The police captured a man named Frank McDonald, who was committed to the station house; they also tracked a man answering the description of the other party to Four mile run, where he had taken the first train this morning to Washington. McDonald was examined by the Mayor this morning, and disenarged for want of sufficient evidence to hold

THE GLYMONT MURDER.-The diligent efforts of policemen and detectives have failed, as yet, to discover the perpetrators of the Glymont muruer. The Port Tobacco Times says: "Nothing since our last has been heard in rela tion to the for morder of young Everett, and thus far every supposed clew has turned out to be a false one. It will be seen by the Governor's proclamation that he offers a reward of together with the rewards previously offered, foots up the neat little amount of \$1,450, which ought to be enough to stimulate the detectives and others. It seems to us almost incredible that the perperators should have escaped so long, and inclines us to the belief that they have been looked for in the wrong direction. Perhaps if search were made in the lower part of the State as well as around the cities the murderers might be found. We sincerely hope that in this case the old adage will prove a true one and that "murder will out."

CAUGHT AND ESCAPED. - Mr. John Kine, who lives near Quantico, captured, yesterday, two negro men who answered in every respect the description of those suspected of the murder of young Everett at Glymont. The men were lodged in the third story of the hotel at Potomac City, a guard stationed around the building, and notice sent across to Glymout for parties to come over and identify them. Between eleven and twelve o'clock last night the begroes got out on the roof of a back porch, and reaching the edge, jumped to the ground, sad made their escape. They were last seen by one of the guards making their way down the ratiroad track towards Fredericksburg, but he says that they were so far off that he thought it useless to give the alarm or fire at them. Those who saw the negroes are confident that they are the murderers. It was this arrest which gave rise to the report published in this meroing's Washington papers of an arrest of two negroes near Glymont.

SALE OF A TELEGRAPH COMPANY. - The Virginia Telegraph Company, whose lines extend from this city to Manasses, Winchester, Harrisonburg, Staunton, and other points, has been sold to The Royal Land Company of Virpurchased, some time since, the Fredericksburg and Piedmont Railroad, which they propose to extend westward to Harrisonburg and this city. their coal mines as a narrow guage road. Robt. consummating the arrangements for the transfer of us lines to Mr. S. D. Kams, President of the Royal Land Company. It is understood that the Virginia Telegraph Company will hereafter run in connection with the Atlantic and l'acific Company.

ACCIDENT ATTHE SHIPYARD. -Shortly after work commenced at the shipyard, this more ing, a piece of timber fell from the upper part of the frame of the new schooner in process of construction there, and struck Mr. E. H. Day, the master ship builder, inflicting a severe wound, some three inches long, on his forehead, and badly bruising his right shoulder. Dr. Brown was called in and rendered the neces sary surgical attendance, after which the wounded man was removed to his home on Wilkes street. His injuries are not senous. In its fall the timper struck something and glanced off, otherwise Mr. Day must have been instantly killed, as he was standing direct-

TEACHERS' INSTITUTE -A Teachers' Institute for the city and county of Alexandria will be held in Peabody Hall on the 29 h. 30th, and 31st of August, commencing at ten o'clock each The principal instructor will be Edgar Has, esq., Superintendent of Schools of Burlington, N. J but several other gentlemen of known abilities have been invited to deliver addresses or read essays. On the 1st of September the annual examination of teachers will take these. take place. All candidates are expected to attend the Institute.

CAMP MEETINGS -The special train on the W. & O. P R., yesterday, carried up about four hundred people, part of whom stopped at the colored camp, near Falls Church, but the majority kept on to Vienna, where they took stages, wagons, or whatever means of transportation they could get, for the camp ground, some four miles distant. Most of the stages were controlled by a Georgetown firm, who took advantage of the large crowd, by charging them half a dollar each way, to and from the edly winds, stationery to rising temperature camp ground. The stages were each drawn by and partly cloudy weather, with occasional four miserable apologies for horses, which rethunder storms, especially in the northern por | quired the use of sticks and stones to get them out of anything beyond a walk. Numbers of other persons from this city went up over the turnpike. On the camp ground there was a large crowd from the civies and the surrounding country. The sermon at the morning ser vice was preached by R. v. Nelson Head, D. D. Presiding Elder of this District, to a large and attentive congregation. In addition to the excursionists from this city there was a train full from Leesburg and the upper end of the road. Everything passed off pleasantly during the day, except one disturbance on the outskirts of the camp between a white man from George town and a colored back driver from this city, which was soon quieted. The heat during the day, however, was very oppressive.

HOOK AND LADDER EXCURSION.-The annual excursion of the Relief Hook and Ladder Company to Marshall Hall will take place on Wednesday. For the convenience of families a day excursion will be added to the usual moonhight trip and a chauce given to let the little ones have a day's sport, away from the heat and dust of the city. Each family or group attending the day excursion will be presented with a photograph of themselves taken on the grounds, by Messrs. Stone & Sou and A. M. Hall of this city. Croquet and other games will be provided for all who desire them.

THE CHURCH'S YESTERDAY. -All of the few churches, which were open yesterday, were well attended, especially the Union Presbyte rian church which was crowded. Rev. Mr. Penick having failed to arrive from Chatham, where his family are stopping, there was no service in the Baptist church either morning or night. At St. Paul's church, Ray, Mr. Brooke preached in the morning, and at Christ church, the rector was assisted by Rev. Geo. A. Smith in the morning and Rev Mr. Brooke,

BAD PRACTICE. - Considerable complaint is made of the practice of excursion boats from Washington, of passing close to our wharves at full speed, thereby creating a very heavy swell, which dashes boats and vessels against the wharves and sometimes breaks their fastenings. Yesterday evening two long boats lying side by side in J. H. D. Smoot's deck were so violently rocked by swells from a passing steamer that their topmas's became lock if, and were extricated with much d'ficulty.

STEAMER MATTANO. - Messrs, Geo. L. Sheriff, W. H. Byles and W. H. Killings have purchased the stermer Mattano, and she will continue the lower Potomae trade as usual, making all the landings as far down as Nomini. Capt. Harry Byles will be in command, which is a sufficient guarantee for excellent management and gentlemanly deportment on board. The Mattane is now doing a very satisfactory business along the river, having good passenger and freight lists every trip.

BOARD OF HEALTH .- The Mayor has ap pointed the following named cir zens of the Board of Health-

For north of King street-C. C. Berry. John Lannon and Geogre H. Robinson. For south of Prince street-Joseph Honkins, John D. Javins and James W. Nalls

For in or between those streets.-J. II. D Smoot, Owen Nugent and M'chael Bossert.

Cow Disease. - Some strange disease seem to be developing itself among the cows in this four hundred dollars for the murderers. This, neighborhood. The cows are taken suddenly, and after leaping violently up and down, fall back dead. City Sergeant Lucas lost a valu able cow by the disease, yesterday, and several other similar losses are reported in the city.

> Porpoise.-The porpoise heretofore mentioned as having made its appearance off the city, has been seen several times in the last few days, and numerous unsuccessful attempts made to capture it. One man had the fish in his net on Saturday, but it broke through and got away.

> THE WEATHER -Yesterday and to-day there has been a return of the very hot weather. Last night the heat was almost intolerable and sleeping a most difficult feat to accomplish. At three o'clock this afternoon the thermometer stood at 89 degrees in this office.

Local Brevities.

There is a negro man now in the city who possesses the remarkable and inexplicable power of voluntarily changing the position of his heart to any designated point either in his abdomen or breast, and whose muscles are so hard that he can bend a heavy iron bar by striking it against those of his left arm. The bust of Henry Clay, which formerly

stood over the President's chair in the Council chamber, and was rescued from the flames of the burning market house, thus been hand-somely repainted by Mr. T. L. Monroe and placed in the Auditor's office.

Mr. Henry Padgett, a bricklayer at work on the new house now being built by Mr. Michael Hart, near the Alms House, fell through a seaffolding there, on Saturday, and bruised himself quite severely.

From Washington.

SENATE.

Washington, Aug. 7, 1876. - In the Senate, during the morning hour, after some routine business, the school amendment was communicated from the House of Representatives. The resolution for the printing of the Hamburg message of the President was then taken ur.

Mr. Edmunds made a campaign speech HOUSE OF REPRESENTATIVES.

In the House of Representatives the States were called for resolutions for reference only, when a few were introduced, among them one requiring the B. & O. R. R. to remove its tracks upon certain streets in Washington. All were required to be read, in full, in order to kill time.

Gov. Walker introduced a bill placing Richmoud upon an equal footing with New York in reference to the transportation of goods in bond.

A resolution to allow investigating committees to report at any time by a change of the rules, was introduced by Maj Douglas, of Va. and caused considerable discussion and confusion, but was finally referred to the Committee on Rules by the ruling of the Speaker.

A motion to reverse the decision of the chair being made, the ayes and noes were called, resuiting in a vote of 121 to 11. No quorum. Whereupon there was a cail of the House, when it was ascertained that there were 193 members present, and all further proceedings under the call were dispensed with, and the roll was again called, resulting for sustaining the chair 126, noes 7. No quorum, and another call of the House was ordered and proceeded with.

Hon. John Goode, jr., left this evening for his home in Nerfolk, to attend the great ratification meetings to be held in that city and Portsmouth on the 9th and 10th. Mr. Goode has made an enviable reputation in Congress, and it is understood he will have no opposition for a renomina" on.

It is understood that Messrs. Walker, of Virgina; Blackburg, of Kentucky, and Tuck er, of Virginia, will go to Nortolk to speak at the radication meeting.

Hon. I. Q. C. Lamar had an attack of vertigo at the Capitol to-day. He was taken into the Speaker's room, where he soon recovered sufficiently to appear again on the floor of the

MR. KNOTT.

The Judiciary Committee have again determined to report the resolutions exculpating and exonerating Mr. J. Proctor Knott from any improper motive in withholding the Caldwell-Blaine dispatch. The report was not unanimously agreed to this time, the radicals upon the committee refusing to acquiesce, though they cannot gainsay the facts set forth, but after Mr. K.'s attack upon their quandam leader they cannot agree to do an act of justice to his assailant.

The Indians.

OTAWA, Aug. 7 .- The latest advices received by the Government from the Northwest terri tory are to the effect that the Canadian Indians had reliased all incentives to take part in the hostilities against the United States. The report telegraphed from Cheyenne that Sitting Bull is being joined by stragglers from the British serritory is probably a canard.

CINCAGO, Aug. 7 .- A San Antonia dispatch, received at General Sheridan's headquarters. says: "A small command, under Lieut Bullss, found the Kickapoo and Lipan camp in Texas, and attacked it, killing two and capturing four Indians and one hundred horses.

Telegraphic Briefs.

At Oxley, a small place, distant a few miles from Cincinnati, yesterday, Burrell Dudley, a colored man, shot and killed his son, aged 15, while the latter was protecting his mother from abuses by his father. Another son, Joseph, aged 17, interfered, was beaten over the head with the gun in his father's hand, and left for dead.

The Providence Journal has a dispatch from an army efficer, dated mouth of the Rosebud river, Aug 6, which says the reinforcements are nearly all up, and we will probably march against the Soux on the 10th.

A freight train from the Hoosac tunnel colhided with another reight train near Fitchburg. Mass., to day. One engine and several cars were wrecked and one passenger was injured. Mrs. Dr. W. P. Bond at Lithopia, Ge., committed suicide, this morning, by hanging, the cause being mental depression at the sudden

death of a friend, and bodily suffering. About 4 o'clock Sunday afternoon ten per sons were drowned while crossing Pu'nam's pond in Essex county near Whitehall, N. Y. Thirteen persons were in a small row boat. when about three rods from the shore, in 8 feet of water a squall struck the boat which was immedia ly capsized drowning ten out of the thirteen. The names of the drowned were-Mr. Johnson and wife, John McAulister and wife, John Burt and daughter, Peter Osier, Adolph Livingston, Mr. Holden, Miss Thatcher. The bodies of all but Mr. Holden were recovered.
